

HOSCA

Mission Statement

Hosca supports children's development, strengths and potential through child-centred, engaging, collaborative teaching with a learning environment inspired through nature and driven by children and families.

Philosophy

Hosca's philosophy recognises the benefits of providing a holistic learning experience for our children in a caring, enriching environment supported by skilled, knowledgeable and passionate Educators who value families and the community.

Here at Hosca;

Children are valued for their individuality and for their wonder and curiosities. We believe in children's right to PLAY.

Parents and families are valued for their beliefs and traditions along with their commitment to work, home and community.

Our Committee are valued for their support and guidance they provide, fostering respect and knowledge for the Service and Educators.

Our Educators are appreciated for their knowledge and values, contribution of skills; their vision for children, their delight in seeing children learning, their commitment to families and our Centre.

Hosca's Community appreciate, protect and preserve the environment.

We aim to achieve a sense of being, belonging and becoming:

Being: in a state of wonder and awe at our world

Belonging: feeling connected to our earth, nature and animals

Becoming: respectful with positive and proactive attitudes to our environment and a sustainable future

Centre staff responsibilities

Children attending the Centre are given positive guidance directed towards acceptable behaviour, with praise freely given and blame and admonition kept to a practical minimum.

All equipment will be kept in a safe and clean condition. Attendances will be checked in the Centre's daily register every day and unexpected absences followed up immediately. The Centre will take all reasonable steps to locate a child who is booked into the Centre.

Children will not be released to anyone other than those authorised by the child's parent/guardian on the enrolment form or in writing. If written notification cannot be provided beforehand, notification by telephone will be accepted with written authority to be provided when the parent/guardian next attends the Centre.

Parents will be notified if their child is unwell or has had an accident. Incidents are recorded on an incident form and parents are required to sign the form in recognition that Centre staff has informed them.

Program

It is the children's program and they choose how they spend their time here. We involve the children in creating our program to cater to their needs and wants, we hold meetings and take minutes which then evolve into our programs. We as Educators assess these experiences with the children and ask that you as families become involved also, we keep a journal of our daily activities by the sign in/out register and ask that you contribute to writing comments and suggestions in it. Your children's time *Where new experiences are had.* at Hosca is documented as observations and is yours to take as a keepsake when you leave Hosca.

Children's responsibilities

Children will be expected to adhere to the rules of the Centre at all times.

Children are expected to use equipment with respect and appropriate care.

Children are discouraged from bringing their own toys/games to the Centre. If you do so it is at your own risk

Children who are not immunised will be excluded from care during outbreaks of some infectious diseases in accordance with the National Health and Medical Research Council Exclusion Guidelines even if their child is well.

Management

Hosca is managed by a community based Committee made up of parent volunteers. The committee usually meets monthly. Parents are encouraged to be actively involved in the Centre by serving on the committee, attending meetings or raising issues of concern or interest at meetings. The Management Committee is responsible for the centre operating according to the constitution and Centre Policies.

Hosca's Policies are available to view in the Office or via email by request.
